**ARTICLE V
BENEFIT UNITS**

SECTION 1. Benefit Units. Benefit Unit means a legal right to one service connection to the District's facilities and to participate in the affairs of the District.

SECTION 2. Declaration of Availability. The Board shall at an appropriate time cause a declaration of availability of Benefit Units for subscription to be entered in its Minutes and shall establish a unit price for said subscriptions, which unit price may subsequently be increased or decreased as the Board shall at such time deem appropriate. Each Benefit Unit shall carry with it the obligation of paying a minimum monthly meter charge from the time service is available. The Board may in its discretion from time to time, if the capacity of the District's facilities permit, make additional Benefit Units available. Subscriptions for Benefit Units shall be given preference and priority in order in which received. The Board may refuse the subscription for a Benefit Unit in favor of a particular tract of land located within the District, or impose special conditions on granting the same, if in the judgment of the Board, the granting of said subscription and the furnishing of water pursuant thereto, would impair the service to other Water Users in that locality or be uneconomical, unfeasible, and place an undue burden on the District. Any applicant aggrieved by such denial, or imposition of special conditions, may appeal from the action of the Board to a vote of the Participating Members of the next regular meeting of the members, or special meeting of the members called for such purpose. **PROVIDED, HOWEVER,** that the decision of the Board shall stand, unless three-fourths (3/4ths) of all Participating Members present vote in favor of a motion to overrule the decision of the Board.

SECTION 3. Tract Served. Upon the purchase of subscriptions for Benefit Units, the owner thereof shall designate the tract of land to which the Benefit Units shall be assigned, and the Benefit Unit shall not be transferred from one tract of land to another within the District without the approval of the Board. The owner of lands subscribed for more than one Benefit Unit to be assigned to one tract of land shall at the time of said subscription designate as nearly as practical the location on said tract where he intends to utilize said Benefit Units and no major change in location shall be made without the approval of the Board. Benefit Unit certificates may be issued by the Board, and a record thereof shall be maintained in the District's business office, showing the name of the owner and the tract of land of which the Benefit Unit is assigned, numbered consecutively in the order in which issued.

SECTION 4. Transfer of Ownership. No transfer in ownership of Benefit Units shall be permitted without the approval of the Board. No transfers will be approved unless all charges against the Benefit Unit are paid. All transfers of ownership when approved shall be recorded in the books and records of the District. No transfer of ownership will be made to any person not eligible to become a Participating Member.

SECTION 5. Service Connection. Each Benefit Unit shall entitle the owner to not more than one line from the District's water system, upon the terms and conditions as may from time to time be determined by the Board. Each line shall serve not more than one residence, farm complex, or commercial establishment, together with the necessary and usual outbuildings.

SECTION 6. Forfeiture. Failure to pay the minimum monthly meter charge, or failure to pay for water used through a meter, shall constitute a forfeiture of the Benefit Unit on behalf of which such failure occurs. **PROVIDED,** that such Benefit Unit shall be reinstated if within ninety (90) days after such failure all back charges are paid in full, together with interest rate thereon at such rate as may from time to time be prescribed by the board, together with reasonable labor charges necessary to effect such re-connection. **PROVIDED,** that if the defaulting water subscriber is a tenant, the time set forth above shall not commence to run until the District has mailed or caused to be mailed, by registered or certified mail, notice of such default of the tenant to the landowner at his last known address as shown on the books of the District. In the event any owner of a Benefit Unit ceases to be eligible for ownership thereof, in accordance with the provisions of these Bylaws, or violates any provision of these Bylaws, or the rules, regulations, or water users' agreement, or willfully obstructs the purposes and proper activities of the District, the District, through its Board, may declare ownership of such Benefit Unit forfeited. Any Benefit Unit owner whose ownership is so forfeited may appeal the action of the Board to a vote of the Participating Members at the next regular meeting of the Participating Members or a special meeting of the Participating Members called for such purpose. **PROVIDED,** the decision of the Board shall stand, unless three-fourths (3/4ths) of all Participating Members present vote in favor of a motion to overrule the decision of the Board.

**ARTICLE VI
RIGHT TO VOTE**

Only Participating Members shall have the right to vote at annual meetings of the Participating Members, and each Participating Member shall be entitled to a single vote, regardless of the number of Benefit Units to which he may have subscribed. No Participating Member shall be allowed to vote unless current on at least one Benefit Unit owned by such Participating Member.

reasonably incurred by him in connection with such action, suit or proceeding, if such person acted in good faith and in a manner reasonably believed to be in or not opposed to the best interests of the District, and, with respect to any criminal action or proceeding, such person had no reasonable cause to believe his conduct was unlawful. Further, the District shall indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action or suit by or in the right of the District to procure a judgment in its favor by reason of the fact that he is or was a director, officer, employee or agent of the District, or is or was serving at the request of the District as a Director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise against expenses including attorney's fees, actually and reasonably incurred by him in connection with the defense or settlement of such action or suit if he acted in good faith and in a manner reasonably believed to be in or not opposed to the best interests of the District. PROVIDED, HOWEVER, in this latter instance of actions threatened, pending or completed by or in the right of the District, no indemnification shall be made in respect of any claim, issue or matter as to which such person shall have been adjudged to be liable for negligence or misconduct in the performance of such person's duty to the District unless, and only to the extent that, the court in which such action or suit was brought shall make a specific finding that, despite the adjudication of liability, but in view of all of the circumstances of the case, such person is fairly and reasonably entitled to indemnity for such expenses which the court shall deem proper.

All determinations, unless ordered by a court, whether indemnification is proper in the circumstances when measured against the foregoing criteria shall be made by the Board by a majority vote of a quorum consisting of directors who were not parties to such action, suit or proceeding, or, if such a quorum is not obtainable, or, even if obtainable and a quorum of disinterested directors so directs, by independent legal counsel in a written opinion.

Expenses incurred by an officer or director in defending a civil or criminal action, suit or proceeding may be paid by the District in advance of the final disposition of such action, suit or proceeding as authorized by the Board in the specific case upon receipt of an undertaking by or on behalf of such director or officer to repay such amount once it shall ultimately be determined that he is entitled to be indemnified. **RULES AND REGULATIONS OF
RURAL WATER MANAGEMENT DISTRICT NO. 15
OSAGE COUNTY, OKLAHOMA (the “District”)**

These rules are issued in compliance with the provisions of the Bylaws of the District and are designed to govern the supplying and taking of water service in a uniform manner for the benefit of the District and its members. They are subject to change from time to time by a majority vote of the Board of Directors.

DEFINITIONS

The following expressions when used herein will have the meaning stated below:

APPLICANT: Any individual, firm partnership, corporation or other agency living on or owning land located within the service area who applies to become a Participating Member, as defined in the District’s Bylaws.

BENEFIT UNIT: Benefit Unit means a legal right to one service connection to the District’s facilities and to participate in the affairs of the District.

PURCHASER: Purchaser shall mean all purchasers of the District’s water.

POINT OF DELIVERY: The point of delivery shall be at the meter, unless otherwise specified in the approved application for Water Service.

WATER SERVICE: The term Water Service when used in connection with the supplying of water shall mean the availability for use by Purchasers of water adequate to meet the Purchaser’s requirements. Water Service shall be considered available when the District maintains the water supply at a minimum of 25 p.s.i. at the Point of Delivery, in readiness for the Purchaser’s use, regardless of whether or not the Purchaser makes use of it. Water Service shall consist of facilities for supplying water to one residence or business establishment.

APPLICATION FOR WATER SERVICE: The agreement or contract between the Purchasers and the District, pursuant to which Water Service is supplied and accepted.

GENERAL RULES

The supplying and taking of water will be in conformance with these rules and the District’s Bylaws and the applicable rate schedule as may be from time to time amended by the District’s Board of Directors. PROVIDED, FURTHER, that if at any time the Board of Directors determine the total amount derived from the collection of water charges is insufficient for the payment of operation costs, emergency repairs or debt service, the Board shall adjust the water rates according to Article XVI, Section 3 of the District’s Bylaws.

APPLICATION FOR WATER SERVICE: Applicants for Water Service shall:

1. Sign a Benefit Unit Application and Water Users Agreement and pay the current Benefit Unit Fee.
2. Give an easement to the District for water lines and connections.
3. The Board of Directors must approve all Benefit User Applications.
4. The Applicant shall be responsible for all road crossings and any other expense in the construction and/or preparation done by the District.
5. The Applicant shall pay a minimum payment each month from approval of the Application, regardless of usage, or the setting of any meter.
6. The Application for Water Service shall provide that the District shall have the right at all reasonable hours to enter upon Purchasers’ premises to read and test meters, inspect piping and to perform other duties for the proper maintenance and operation of service, or to remove its meters and equipment.

MANDATORY APPROVALS PRIOR TO HUMAN CONSUMPTION: Until any required septic system approval (or any other or similar approval which may be lawfully required at any time by any health department, ODEQ or other governmental entity or agency having jurisdiction or authority to impose such a requirement) is obtained and furnished to the District, no water service may be connected or used for human consumption in any manner whatsoever (i.e. there shall be no connections to any residence, mobile home, travel trailer, or commercial establishment or any other facility for human consumption) and any connection in contravention hereof is expressly forbidden and may result in forfeiture of the Benefit Unit. It is the intent hereof that a Benefit Unit may be used *only* for agricultural, construction or similar purposes -- and not for human consumption -- until any and all required health department, ODEQ or similar approvals required for human consumption are obtained by the Applicant / Purchaser and provided to the District.

BILLING PROCEDURES: Payment for Water Service is due and payable by the 19th day of the month following that in which Water Service was rendered. Billing procedures shall be further outlined and posted in the District’s business office and on the website.

CHANGE OF OCCUPANCY: It is the Purchaser’s responsibility to anticipate change of occupancy, and to have a Benefit Unit transferred to the new Purchaser as prescribed by the Bylaws. Until the Benefit Unit is transferred, the registered owner thereof shall be responsible for payments for Water Service. All charges on the

account must be paid before the Benefit Unit can be transferred, or Water Service resumed where there has been a suspension.

WATER SERVICE IS FOR THE SOLE USE OF THE PURCHASER: A standard Water Service connection is for the sole use of the Applicant or the Purchaser, and does not permit the extension of pipes to transfer water from one property to another, nor to share, resell, or sub-meter water to any other person, firm or entity. If an emergency or specific situation should make such an arrangement necessary, it shall be done only on specific written permission of the Board of Directors for the duration of the emergency. Any Purchaser in violation of this paragraph, shall be penalized as herein set forth or as may be prescribed by law:

1. Unauthorized water usage, first offense:
 - a. Meter will be disconnected when offense is detected.
 - b. A five hundred dollar (\$500) penalty/reconnect fee will be assessed to the offending Benefit Unit holder.
 - c. Meter will not be reconnected until the five hundred dollar (\$500) penalty/reconnect fee has been paid.
2. Second offense: Meter will be disconnected and forfeiture of the Benefit Unit will result.

NOTE: ANY OR ALL PERSONS OBSERVED OR OTHERWISE SUSPECTED OF ILLEGALLY TAKING WATER WILL BE BROUGHT TO THE ATTENTION OF THE LOCAL AUTHORITIES FOR AN INVESTIGATION THAT COULD RESULT IN ARREST AND PROSECUTION.

AGREEMENTS WITH GOVERNMENTAL AND PUBLIC BODIES: The District may make specific contracts with the Federal Government, the State of Oklahoma, or agencies thereof, school districts, municipal corporations and nonprofit corporations, differing from stipulations set out in the rate schedule and rules.

CONTINUITY OF WATER SERVICE: The District will make all reasonable efforts to supply continuous, uninterrupted Water Service. HOWEVER, it shall have the right to interrupt Water Service for the purpose of making repairs, connections, extensions, or for other necessary work. Efforts will be made to notify Purchasers who may be affected by such interruption, but the District will not accept responsibility for losses which might occur due to such necessary interruptions. The District does not accept responsibility for losses which might occur due to interruptions to Water Service caused by storms, strikes, floods, or other causes beyond its control.

METERS: Meters will be furnished, installed, owned, inspected, tested and kept in proper operating condition by the District without cost to the Purchaser. A complete record of tests and histories of meters will be kept. Meter tests will be made according to methods of the American Waterworks Association, as often as deemed necessary by its Board of Directors. R.W.D. #15 field personnel will read all of the customer's meters each year, reading half every six months, to check for accuracy.

METER LOCATION: Meters shall be set in an accessible place adjacent to the property line of the Participating Member except where otherwise directed by the District. All meters shall be set horizontally and never connected into a vertical pipe. Meters set outside of a building shall be placed in a meter box furnished and installed by the District. The meter will be set in front of the premises to be served or at the closest point on the Purchaser's premises as designated by the District. The Purchaser will be responsible for all piping from the dwelling to the collection lines.

SERVICES: The District will install and pay for all Water Service pipes (except private fire protection) from its main to the meters. The service pipe shall not be less than 3/4" in size. The District will also install and pay for the stop, meter, meter loop, meter can and lid.

METER ACCURACY: Water Service meters with errors not exceeding two percent (2%) fast or slow shall be considered within the allowable limits of accuracy for billing purposes. The percentage of error will be considered as that arrived at by taking the average of the error at full load and that at ten percent (10%) load, unless a Purchaser's rate of usage is known to be practically constant in which case the error at such constant use will be used.

REQUESTED METER TESTS: Meter tests requested by the Purchaser will be performed without cost to the Purchaser if the meter is found to be in excess of two percent (2%) fast. Otherwise, the Purchaser for whom the requested test was made will be charged for the cost of making the test. In no event shall any claim be recognized for alleged overcharges for water charges incurred more than six months prior to the date the Purchaser requests a meter test which reveals an inaccurate meter; and in no event shall the District be liable for any interest on any such claim.

PURCHASER'S RESPONSIBILITY: The Purchaser shall be responsible for any damage to the meter, meter loop, meter can and lid installed for Water Service, on account of any cause other than normal wear and tear.

MAIN EXTENSIONS: Line extensions will be installed by the Purchaser, when approved by the Board of Directors after application has been made to the District. The Purchaser shall be responsible for the maintenance of the line extension for one (1) year after installation, at which time the ownership of this extension will be transferred to R.W.D. #15 upon acceptance by R.W.D. #15.

EXCESSIVE REQUIREMENTS: In the event an Applicant's water requirements exceed the District's ability to supply it without adversely affecting Water Service to other Purchasers to a reasonable extent, the District will not be obligated to render such services, unless and until suitable self-liquidating financing is arranged to cover the necessary investment in an additional plant.

CROSS-CONNECTIONS: There shall be no cross-connections made or maintained between the water system of the District or any other system (private or otherwise and all new structures constructed within the District shall, prior to Water Service connections, comply with the plumbing standards of the State of Oklahoma). In addition, all sewage disposal systems shall comply with the standards contained in Oklahoma Department of Health Engineering Bulletin Nos. 600.0587 and 0575. Representatives of the District, the state and local Health Department shall have the right at all reasonable hours to enter upon Purchaser's premises for the purpose of inspection and enforcement of this provision. Violation of this provision shall constitute cause for disconnection of a Purchaser's Water Service.

FIRE HYDRANT POLICY: Adopted August 10, 2004. Members can make application to the District (with Fire District approval) for Fire Hydrant Installation.

ADJUSTMENT PROCEDURE POLICY: Adopted December 9, 2014. When a customer has a leak, adjustment will be given as follows:
